KEY TO MAP

The Numbers on the Map show the Location of Summer Residents and Shore Estates.

Names of owners are given and when property is rented by others the name of the occupant is given separately.

Explanatory Note.—The numbers given in this key refer to duplicate numbers on the map. These numbers are arranged in order as nearly as possible in Beverly, as follows: Numbers 1 to 86 are on or near the shore, beginning at Hale, near Ober street, and ending near the Manchester line; numbers 87 to 155 are away from the shore, beginning near the Manchester line and ending near the northern and western city boundaries. The rule is approximately the same in Manchester. In Wenham and Hamilton, the lower numbers are near the center of the town. Where no city address is given, the residence is, with a few exceptions, in the city or town under which the name is classified. Abbreviations: av., avenue; (b.), boards; (B.), Boston; byd., beyond; Comm., Commonwealth; n., near; opp., opposite.

Excellent House Lots FOR SALE

If you are looking for a Desirable House Lot in the vicinity of Greene Street or Woodland Avenue, it will be to your advantage to call on me and inspect my property, which is within five minutes' walk of the U. S. M. Co.'s Plant. Lots sold to suit the purchaser and the price and terms will be made satisfactory. If you are thinking of buying a lot in this city, call on me if you want the best for a little money.

Loam, Filling and Sods for Sale.

E. B. ROWELL 22 Woodland Ave.

PREFACE

The seventh volume of the City Directory has been compiled with greater care, if possible, than in previous years. A large number of corrections in address, occupation, etc., and the added and erased names bring the total number of changes up to 66 2-3 per cent. since 1908. This again demonstrates the need of the yearly canvass of the city, which has trebled the value and number of users of the Directory since 1903. It has been found, after two years of use, that the insertion of married women's names is of considerable value, and a more nearly complete list is given in this issue.

The map, which has been carefully corrected again this year, shows all new streets and other changes up to date. The special information in regard to the location of the summer residences is a valuable feature of this Directory and can be found in no other. Both key and map show the latest corrections in the district comprising Beverly, Manchester, Hamilton and Wenham.

A directory at a low price for householders only has been called for, and to meet this demand the publishers have issued a book at $1 which has been largely subscribed to. This will be appreciated by the advertisers as an increased circulation.

Our thanks are tendered to all who have furnished information, and especially to our numerous subscribers and advertising patrons.

CROWLEY & LUNT.

Changes in Beverly City Directory.

*Total number of names in City Directory of 1909, including 3,144 married women's names	15,867
†Number of names in City Directory of 1909	12,723
Number of names in City Directory of 1908	12,055
Increase	668
Names added	2,123
Names erased	1,455
Changes in location, occupation, deaths, removals, etc.	4,302
Changes made in preparing General Directory	8,080

Comparison: 8,080 changes made in a total of 12,055 names that composed the 1908 Directory, or about 66⅔% in addition to corrections made in the street and house list and Business Directory.

*This number includes the names of persons who died during the year or removed from the city, giving date, etc.

†This number does not include married women's names, these being omitted for purpose of comparison with 1908 Directory.

CITY OF BEVERLY

STREET AND HOUSE DIRECTORY

Giving the location of the streets, places, parks, squares, etc., and showing what other streets and places run from them or across them, with the point at which they intersect. The system adopted for numbering the streets of the city is that a person starting at the beginning of any street, and following along with the numbers, every even number will be on the left and every odd number on the right hand, with the names of heads of families and persons in business in the order of location.

The cipher (0) is used to designate houses or buildings without numbers. The dash (—) is used to show where connecting streets and avenues cross or intersect, when such intersections or crossings have no numbers, and also to designate railroad crossings and bridges, parks, etc.

When there is more than one family in a house, the down-stairs name is given first.

Abbreviations: Ave., avenue; byd., beyond; jct., junction; n., near; opp., opposite; r., rear; s. r., summer resident, etc., etc.

CITY OF BEVERLY

BUSINESS DIRECTORY

Beverly, clean, healthful and beautifully located on the North Shore with seven miles of the most charming views to be found on this continent, recommends itself to all classes of manufacturers and business men on account of its first-class rail and water facilities and equitable freight rates to all shipping points. Its most significant growth proves it to be the coming city of this part of the Massachusetts coast. Within its limits are scores of millionaire's and multi-millionaire's palaces; but its life and vital energy are shown by the fact that the manufacturing industries, comprising shoes, machinery, automobiles, oiled clothing, foundries, enameling works, planing mills, wood and paper boxes, grain elevators, electric works, etc., are employing a thrifty and well-paid, intelligent people who are contributing to the busy growth of the city. The shoe industry, established more than a century ago, alone pays one million dollars per year in wages. The United Shoe Machinery Company, occupying the largest reinforced concrete factory plant in the world and employing 3,000 to 4,000 skilled mechanics, pays a wage of over one and one-half millions per year. The Gulf Refining Company has its New England terminal here and docks its fine steamships running from Port Arthur, Texas. Spur tracks of the Boston & Maine Railroad connect with all the wharves. Population of Beverly, 1909, estimated about 20,000. Eighteen miles from Boston on the Boston & Maine Railroad. Center of the Boston & Northern Electric Railway system connecting with every important city and town in eastern Massachusetts and New Hampshire. Superior harbor. Three banks, daily and weekly newspapers. Excellent fire department. Good sewers. Pure drinking water. Well-lighted streets. First-class public schools.

NOTE.—It has been found essential (as a general rule) to insert names of firms under the ONE heading only which best represents them, except in the case of patrons when extra insertions are sometimes made.

*Patrons' insertions only under these headings.
